

0968 California Tax Credit Allocation Committee

The mission of the California Tax Credit Allocation Committee (CTCAC) is to form public/private partnerships to assist in the development and maintenance of quality rental housing communities affordable to low-income Californians.

CTCAC works in public/private partnerships to assist with project development, while fulfilling its responsibilities as a credit agency through project compliance monitoring. CTCAC coordinates its functions with state and local housing fund providers and with private fund investors, when providing and maintaining quality, affordable housing.

The CTCAC consists of seven members, including the Treasurer who is designated as chairman, the Governor or Director of Finance, the State Controller, the Director of the Department of Housing and Community Development, the Executive Director of the California Housing Finance Agency, and two local government representatives.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE

The Federal Low Income Housing Tax Credit Program: Congress authorized the federal program in 1986. It replaced traditional housing tax incentives, such as accelerated depreciation, with a tax credit that enables developers of affordable rental housing to raise project equity through the "sale" of tax benefits to investors.

Each state has an annual housing credit ceiling of \$1.95 per state resident, and may qualify for a share of credits available annually in a national pool comprised of states' unused credits. The annual housing credit ceiling is indexed for inflation. Investors can take the annual credit each year for a ten-year period.

The State Low Income Housing Tax Credit Program: Recognizing the high cost of developing housing in California, the California Legislature authorized the State Low Income

* Dollars in thousands, except in Salary Range.

0968 California Tax Credit Allocation Committee - Continued

Housing Tax Credit Program to augment the federal tax credit program.

The annual state credit ceiling is currently \$70 million, indexed for inflation (in addition to any unused or returned credits from previous years). Investors take the state credit over a four-year period in contrast to the ten-year federal allocation period. The full four-year state credit allocated to a project is deducted from the annual state credit ceiling, while only the annual federal credit allocated to a project is deducted from the federal ceiling.

Tax-Exempt Bond Financed Program:

Developments that are financed with the proceeds of tax-exempt bonds may also receive federal tax credit. In this instance, the developer/owner of a tax-exempt development must apply to the Committee and must conform to the federal and state statutory and regulatory requirements, but there is no annual "cap" on the amount of credit that may be awarded by the state to such developments. The credit available is based on approximately four percent (instead of the nine percent for projects that are not financed by a federal subsidy) of the "qualified basis" of the development, that is, the costs attributable to the units that will be income and rent restricted for a minimum of 30 years.

Under federal law, credit projects must remain affordable for at least 15 years; however, California's program generally requires maintaining affordability for 55 years. Land use agreements are recorded against each credit project to ensure compliance.

Farmworker Housing Tax Credit Program:

In 1996, the California Tax Credit Allocation Committee (CTCAC) received authorization from the California Legislature to administer an additional tax credit program to assist farmworkers, known as the Farmworker Housing Tax Credit Program. Annually, up to \$500,000 of state tax credits is available for the construction of farmworker housing.

20 - COMMERCIAL REVITALIZATION DEDUCTION PROGRAM

In 2002, CTCAC received authorization to administer the Commercial Revitalization Deduction Program, a federal program designed to stimulate job growth and economic development in designated Renewal Communities nationwide. California currently has five Renewal Communities, which are portions of the Cities of San Francisco, Los Angeles, and San Diego, as well as the rural communities of Orange Cove and Parlier. CTCAC can allocate up to \$12 million in federal tax deductions to qualifying businesses in each of the Renewal Communities. These deductions are available to qualified businesses that acquire and renovate property, rehabilitate existing structures, or build property for commercial use.
